## DR REZA FARIDRAD

Dip Dent MSc OMFS MFDS RCS Eng

GDC Number 84414

Dr Reza Faridrad qualified with a Diploma in Dentistry in Istanbul in 1995, and then went on to achieve a Masters Degree in Oral Maxillofacial Surgery in 2001. He became a Member of the Faculty of Dental Surgeons at the Royal College of Surgeons in 2002.

In September 1998, he joined the MSc programme in Oral & Maxillofacial Surgery at the Eastman Dental Institute (University College London). There he gained experience in the different fields of Oral and Maxillofacial Surgery. He has vast experience in maxillofacial technology, management, treatment of in-patients, out-patients, and special needs patients.

On several occasions, he has worked as a Locum Staff grade in OMFS and Locum Specialist Registrar in OMFS in C&G general hospitals.

For the last 15 years, Dr Faridrad has been working at his personal Angel Dental Implant Centre. Here he treats complex cases such as full arch rehabilitation using All-on-4, zygomatic and pterygoid implant protocols, as well as restorative dentistry. He carries out all types of oral surgery procedures (maxillary sinus grafting, block bone grafting, mental nerve repositioning etc) as well as smile makeovers and orthodontic treatments.

Dr Faridrad lectures nationally to other dentists on the latest dental techniques in implantology. He is a Key Opinion Leader for Sweden & Martina and Noris Medical, as well as a tutor and mentor at Unique Implant Training (National EduQual approved Diploma and Certificate Implant Course) and Noris Medical Academy. He is also a member of the London Dental Fellowship, ADI and BAAD.

## ANGEL DENTAL IMPLANT CENTRE

Angel Dental Implant Centre aims to provide you with a dental experience that combines state-of-the-art dentistry with complete patient satisfaction. We are committed to achieving the highest standards in a caring and professional environment using the latest diagnostic techniques, treatment, and materials that modern dentistry can provide.

At ADIC we offer a wide range of cosmetic dentistry and surgical procedures including:

- Dental implants: All-on-4, zygomatic and pterygoid
- Correcting failed implants from other practices
- Nerve repositioning
- Maxillary sinus graft/sinus lift and intraoral bone grafting
- Apicectomy
- Adult orthodontics/Invisalign
- Cosmetic gum surgery
- Veneers
- Tooth whitening
- White fillings and ceramic restorations
- General dental treatments

### ZYGO PRO REFERRAL CENTRE

Our clinic is an Advanced Medical Centre and a Certified Clinic of Excellence for Dental Implantation in the UK, serving Noris Medical, the world leader of the Extra Maxilla approach.

The Advanced Dental Implant Centre offers you a range of the most advanced treatment methods for dental implants and restoration that shorten procedures, reduce pain and discomfort with maximum accuracy.

Our practices are a part of a global network of highly experienced implantology clinics that will help deliver successful treatment options to patients suffering from severe maxillary atrophy.

The ADIC is a Certified Referral Centre that provides surgery services to other clinics and doctors.
